Close Is Mayor Of Belle Glade, Claude Jones Is City Atty.

Herman Close was named mayor of Belle Glade at a reorganization meeting of the City Commission Wednesday night. He succeeds Commissioner W. F. Crider in that post.

First business of the Commission was canvassing Tuesday's balloting in which H. O. Carlton was elected to the disputed Northboro Commission seat by a vote of 406 to 315 for Junius Harris. The unofficial results reported Tuesday night were found correct and Mr. Carlton was immediately seated.

The Commission appointed N. D. Lloyd municipal judge, succeeding Claude Jones, who was named city attorney. Ralph O. Johnson had been city attorney, filling out the unexpired term of Herbert Beck.

During the reorganization session which followed, Mr. Carlton was named city treasurer and streets commissioner.

Mayor Close also becomes permanent chairman of the Commission and Parks commissioner. W. L. Collins, elected vice mayor, will serve as water commissioner; W. F. Crider, building and sanitation commissioner, and Walter Ashley was named police and fire commissioner.

Legion Group Hears Brooks Talk About Cattle Feed Plan

R. L. Brooks, agriculture instructor at Pahokee High School, was guest speaker at a meeting of Pahokee American Legion Post 90, in the Legion Hall Monday night.

Speaking on the "Intensified Feeding Program for Cattle in the Everglades," Mr. Brooks said with cattle feeding on the rich Glades pastures dry-lot feeding often paid \$2.50 worth of beef for every dollar spent on feed.

It was announced Post 90 has asked the Pahokee Chapter, Future Farmers of America, to jointly sponsor a dry-lot feeding program. Plans are being made to place four feeder steers in a pasture adjacent to the Legion Hall and to put these animals through a 120-day intensive feeding program. The feed to consist of ground snap corn with a 32 per cent protein supplement and pasture grass. Brooks predicted that each steer should gain on an average of two pounds per day under the proposed feeding program and asserted the results of the feeding program should be important to local cattlemen, especially those who wish to put a few head at a time on dry-lot feeding without having to go to the expense of buying and stocking a fulltime ranch.

Five new members were received at the meeting. Joe Hutton, Jr., Billy Stuckey, Glenn Carr, C. E. Williams and Howard Sims. The group voted to cooperate in the observance of Americanism Appreciation Month being sponsored throughout the country through November by the national organization of the American Legion.

A race track for stock cars at Pahokee was discussed at the meeting and the proposed project was tabled for consideration at a later date.

GAME CANCELED

The football game scheduled to be played between the Pahokee Junior High Little Blue Devils and the Seacrest fledgling Seahawks Tuesday night was cancelled because of conflicting dates, according to Leland Keen, Pahokee Junior High coach.

She Wants To Know What's Going On!

There is nothing like learning young to keep up with what's going on. And above is shown the grand daughter of Canal Point Residents, Mr. and Mrs. J. H. Bordeaux, reading her parents' weekly issue of The Everglades News soon after it arrived at the home of Mr. and Mrs. C. R. (Dick) Bordeaux in Jacksonville.

The young newspaper enthusiast's father is an aviation electrician in Uncle Sam's Navy, being stationed at Jacksonville. Her name is Jessie.

Ft. Pierce Eagles Meet Devils At 8:15 Tonight In Pahokee

It's the Pahokee Blue Devils vs. the Fort Pierce Eagles on Lair Field tonight at 8:15 in a Sunday Conference tangle that marks the fourth home game of the season for the local team.

The Blue Devils are itching to take this game in the face of reports that the Eagles, strongly on the rebound, are geared to launch a furious attack following their stunning 27-13 upset handed them by the Clewiston Tigers last Friday night.

Pahokee has a 2-3 record for the season to date and Fort Pierce, 3-2. The Eagle powerhouse, which started the season with a bang by mowing down opposition like a ton of bricks in the first three games, was slowed down some when it lost its passing quarterback Marion McMullian with a broken leg three weeks ago and injuries cramped the style of its star half-back, Charlie King, but Coach Hunk Slay still has enough talent in his hard charging line and Backs Bob Neill and Bob Scharfswert, plus a preponderance of reserve strength, to the Eagle to trim the horns off the Devils if the latter start making mistakes and the visitors get their plays to clicking.

Coach Dub Kendrick still drummed the good old fundamentals of blocking and tackling into his Blue Devils during practice sessions this week. His men appeared to be in good condition except for Tackle Jack Boland who is slated to start but will not be in top form because of a leg injury.

Kendrick has made some changes in the starting lineup for tonight's contest. Carney Wilder has been (continued on page 8).

Carlton Wins Place On Belle Glade Council

H. O. Carlton Tuesday was elected to the much disputed Northboro seat on the City Commission of Belle Glade.

Carlton received 406 votes and Junius Harris 315. The special election Tuesday was called by the City Commission in accordance with a circuit court decree.

The decree was issued after Harry Leibovitz testified he had unintentionally cast an illegal ballot in the Sept. 11 election. In that election, Carlton had received 266 votes and Harris 265.

A total of 721 ballots were cast in the special election as compared to 731 in the Sept. 11 election. Persons qualified to vote Tuesday numbered 1,274.

Rardin Is Chosen Chairman Of North Glades Scout Group

Officials of North Glades Council of Boy Scouts met Tuesday night at the home of Manning Keen in Pahokee and elected officers for the coming year of Scout work. Paul Rardin of Canal Point was unanimously chosen as district chairman and will take over his duties on November 1. He succeeds Mr. Keen who served for three years.

Immediately following his election Rardin announced that six important committee assignments will be made within the next week. They include organization, advancement, health and safety, camping and activities, advancement and finance. On some of these committees reappointment will occur where the head of the committee has done a good job, the new chairman said.

Outstanding among the projects for the ensuing year will be reactivation of one Scout troop in Pahokee and one in Canal Point. Pahokee now has one outstanding troop under the direction of Scoutmaster Clyde Brown, but the other troops in the upper Glades district have fallen by the wayside during the past few months. Sponsors will be sought for the two proposed troops.

The Upper Glades Council is a working part of the Gulfstream Council of Boy Scouts and work of the entire group was explained by Scout Executive A. P. (Pat) Patterson of West Palm Beach who conducted the meeting.

Manning Keen and Floyd Erickson of Canal Point were named as the two members to serve on the executive board of Gulfstream Council, representing the local organization.

One other important selection made by the group Tuesday night was that of vice chairman. John A. Elbon, vice president of the Bank of Pahokee, was named vice chairman of the Scout group. He has had considerable civic work experience and will make a valuable addition to the working group of Scouters.

Mrs. Wade Ammons was called to Lakeland this week by the illness of her mother, Mrs. Corrine Osborne.

Plans In Pahokee Are Complete For Annual Carnival

The PTA Halloween Carnival for Pahokee children will be held on Lair Field Tuesday night, Oct. 30, with the parade of costumes scheduled to start at 7:30 p. m. and the children in costume asked to be at their grade markers at 7 o'clock.

There will be four prizes for costumes judged to be the most beautiful, the most original, the most comical and the most typical of Halloween in each of nine groups of children: Preschool, first second, third, fourth, fifth, sixth, seventh and eighth grades.

Another feature of the carnival will be the crowning of the king and queen which will be chosen in a "penny a vote" contest being conducted by the six upper grades, seventh through the twelfth. Candidates for carnival king and queen sponsored by the grades are: Dick Atkins and Ada Tillman, twelfth grade; Bill Hutton and Lynn Shirley, eleventh; Elmer B. Elliott and Nancy McCoy, tenth; Hal Rosenberg and Billie Nell Stokes, ninth; Neely Johnson and Jane Bernhardt, eighth; Jack Miller and Laurie Ann Rockwell, seventh.

The various grades and several civic organizations are sponsoring booths at the carnival. There will be a bicycle contest, pony rides, a country store booth, food booths and many other forms of entertainment.

Parties are being planned for the children all of whom will be served free refreshments.

Jess M. Elliott Is Named President Of Glades League

Jess M. Elliott of Pahokee was elected president of the Everglades Branch of the National League of Wholesale Fresh Fruit and Vegetable Distributors at the annual dinner meeting, election of officers and ladies night at the Escape Hotel in Ft. Lauderdale Tuesday evening.

Other officers chosen for the coming year were Luke Arnold, Belle Glade, vice president; G. Lawton Sims, Canal Point, secretary, and Frank Dooley, Belle Glade, treasurer. The recommendations of the nominating committee were given by Harry D. Smith of South Bay, chairman. Harold Rabin of Belle Glade is the retiring president.

Mr. Elliott introduced John Van Arnam of Washington, D. C., secretary of the National League, who reviewed some of the activities and accomplishments of this organization during the past year.

Following the election and Van Arnam's talk, a floor show and dancing was enjoyed. Plates were laid for approximately 100 members and guests.

Mrs. Lucille deMoya of West Palm Beach was the guest of Mr. and Mrs. E. F. McIlwain over the weekend.

THE BIGGEST FOOL

(By Frank Friend)

Some boys when they're ten think they're as wise as old men, And some when they're twenty we find

Think they are as wise as most any old guy.

But they're fooled for in wisdom they're blind.

When the years swiftly fly till four tens have gone by;

We are then only babes that must crawl.

For the blunders we made, say, we're fools no mistake—

We go well for a way then we fail. The worst fool of all is the one

that don't fail, For an effort he never will make

And he never can say I was victor today

New Control Board Splits On First Act

GAINESVILLE—The expanded State Board of Control met for the first time recently with its full seven members and promptly recorded a 4-3 vote on purchase of 160 electric refrigerators for University of Florida married student apartments.

It was a minor and friendly controversy on a relatively small purchase, but it indicated there may be more divided opinion under the new setup than when the old five-member board conducted affairs of the state's higher educational facilities.

In other actions, the board authorized the University of Florida law school to give some of its duplicate copies of books and two copies of all back issues of the Florida Law Review to the new Florida A. & M. College for Negroes law library.

Christian Science Group Of Canal Point

Footsteps leading to perfection and eternal life are clearly indicated in the Lesson-Sermon entitled "PROBATION AFTER DEATH" which will be read in every Church of Christ, Scientist, next Sunday.
The Golden Text is from John (5: 25): "The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live."
Among the Bible passages is the following from John (20: 31): "But these are written that ye might believe that Jesus is the Christ, the Son of the God, and that believing ye might have life through his name."
Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Our Master fully and finally demonstrated divine Science in his victory over death and the grave. Jesus' deed was for the enlightenment of men and for the salvation of the whole world from sin, sickness, and death."
"Like our Master, we must depart from material sense into the spiritual sense of being." (p. 45: 6-10; p. 41: 6).

Million Dollar Plant For Polk County Seat

BARTOW.—The world-wide search for uranium has come to Florida and will be pursued with all the skill and learning of science at a new \$10,000,000 phosphate plant, on which construction has been started near here by International Minerals and Chemicals Corporation.
There are few details, as work gets underway on the huge plant for which 27 acres of ground has been cleared at Bonnie, three miles south of the Egmont-Mulberry highway. Few people know much about the search of uranium, and those who know most don't talk.
The plant will produce defluorinated phosphate, which is used for animal feed manufacture, and multiple superphosphate for the chemical fertilizer industry. The recovery of uranium compounds will be an additional step in these processes.

Growers Get Break From Minute Maid

HAINES CITY—Minute Maid Corp., one of the big three in Florida citrus concentrate production, recently offered a revolutionary 50-50 profit split to Florida growers in a plan hinging on a guarantee of 2,000,000 boxes of fruit.

John M. Fox, president of the corporation, revealed the grower participation plan, which in effect gives the grower cost of production plus a profit and a stake in the concentrate firm without investment of a cent.

Net company revenues will be divided and participating growers are to receive additional returns in proportion to the amount of fruit contributed. All growers are invited to participate on a first come, first served basis.

A restraining factor is that unless 2,000,000 boxes of oranges, not counting those of Minute Maid's own groves, are committed before the start of operations, the entire plan will be junked. The plan is for one year's duration with a permanent arrangement in view.

Crusade For Freedom To Go Over Top

JACKSONVILLE.—Harold Co-lee, Florida State Chairman of the Crusade for Freedom, recently announced that Florida's quota in the Crusade will "go over the top" in grand fashion.

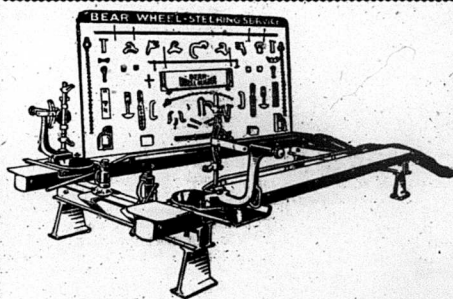

Reports from county and city chairmen have been only partial, as yet, but indications show that Florida will more than obtain the quota set by General Lucius Clay, national campaign chairman.

Contributions received from the expected 25,000,000 Americans during the Crusade for Freedom will be used to maintain and enlarge upon a network of powerful radio stations in Europe and Asia designed to pierce the Iron Curtain with the truth of Freedom.

National headquarters for the Crusade recently announced continuance of the campaign until October 24, the anniversary date of the dedication of the Freedom Bell in Germany and the world-wide observance of United Nations Day.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

County Commission Chairman Paul Rardin Monday reported to the board that both Conners Highway and the road bordering Miami Canal from Lake Harbor south are being rid of water and reconditioned for use.

Chairman Rardin said that "within a few days" all the water should be off Conners Highway, and that crews were working on the road bordering Miami Canal which had 13 inches of rain in some spots.

In line with general drainage problems, the chairman appointed the entire board as a joint committee to meet with the Central and South Florida Flood Control District and the Lake Worth Drainage District to work out drainage problems in the various districts.

Mr. Rardin also announced, and the entire board was authorized to attend, the first annual mid-year conference of the State Association of County Commissioners, to be held Nov. 19th at Jacksonville. Mr. Rardin, who is president of the State group, reported the association will consider a Statewide program for mosquito, sandfly and pest control at the meeting. The county attorney and county engineer were also authorized to attend the meeting.

Commissioners also: Reaffirmed the board's intention to maintain Ocean Road A1A "as long as possible," after Engineer Boyd reported the road "suffered" serious erosion from two miles north of Lake Worth Casino south to Lantana Road. "Now closed to traffic, the road's present condition was caused by last week's heavy rainfall and the continuing northeaster. The board authorized Boyd to start road reconditioning operations as soon as the northeaster dies out.

Urged that no time be lost in taking possession of the warehouse at Palm Beach International Air Base which formerly was leased to Industrial Engineering Corp., against which a warrant for possession was issued the county Monday in its suit against the company. The board also called for three bids for removal of the company's heavy machinery from the building, so that it can be turned over to the Air Force as soon as possible. Johnston also reported that the warehouse formerly occupied by Glass Doors, is now vacant, following the court's final judgment October 18th in another suit giving the county warrant for possession.

Authorized Boyd to confer with Col. Glenn R. Birchard, field CO, in regard to keeping Belvedere Road open to traffic.

Urged the FCD to give consideration to the Lake Osborne open-

ing project and to the C-17 and C-18 projects which affect the Limestone Drainage program at Jupiter and the Earman River project.

Miss Mary Violet Hall, daughter of Mr. and Mrs. J. L. Hall of Pahokee, became the bride of Charles Benton Dickson, USMC, son of Mrs. Otis Allen, also of Pahokee, at a candlelight, double ring ceremony held at the Pahokee First Methodist Church Wednesday, Oct. 24, at 5:30 p. m., with the Rev. Ralph W. Todd, pastor of the church, officiating.

The ceremony was preceded by a program of nuptial music presented by Miss Rita Faye Hurt, organist, and Mrs. J. W. Mullis, cousin of the bridegroom, who sang "Because" and "I Love You Truly."

The bride, given in marriage by her uncle, Anderson R. Following the ceremony a reception was held at the home of Mr. and Mrs. A. R. Chastain in Canal Point. Receiving with Mrs. Hall and the bridal couple was Mrs. Allen. Cinematic Chatter

By Malcolm Miller

If Robert Young gets his wish, he will have none other than Margaret Truman in his next picture. It is reported the actor planned to Washington, D. C., in an effort to sign the charming, talented daughter of the President of the United States for a movie in which she would play herself. Well, Robert better be careful. If Margaret appears in his picture and the critics pan it, like a certain critic panned her singing, Robert and the newspaper professionals may get a "bust in the nose" from Harry. Monte Cliff is said to be an avid reader, buys all the new books and names Hemingway as his favorite author. My wife also buys all the newest books and names Mr. Whodunnit as her favorite author. In her ten years before the cameras of movieland Alexis Smitn has either had very sad or very dignified roles. The exception to the rule is said to be her part in "Here comes the Groom", with Bing Crosby and Jane Wyman. Well, I will say Alexis never looked sad to me. WOWEEEEEE! Alexis was regarded as an exceptional pianist at the age of ten... and she was dancing in the world-famed Hollywood bowl when she was thirteen. Adele Jergens has been adjudged the most photogenic actress in films by members of the Hollywood News Cameramen's Association. There are many lovely points about Adele I could rave about. However I will confine my remarks to: She is very refreshing and comforting to tired eyes. See you at the movies—Mal.

Sonny Phillips, son of Mr. and Mrs. Albert Phillips of Pahokee, joined the Marines this week. He is scheduled to take his physical examination and in case he passes he will be sent to Parris Island, S. C., for basic training.

Senator Smathers will speak at the general session Friday, Oct. 26, following the annual business meeting of the processors who put up 69 per cent of the nation's canned and frozen citrus products the past season.

A report on experimentation being done on pasteurization of canned goods by radiation will be made by Professor Bernard E. Proctor of Massachusetts Institute of Technology, Rathbun said.

The Friday afternoon program also will be highlighted by talks to be made by F. C. Heinz, vice-president of the H. J. Heinz Co., and of the National Canners Association, and by F. J. Knittle of the Industrial Surveys, Inc.

Columbus Day To Be Observed Oct. 12

WINTER HAVEN—Observance of Columbus Day, Friday, October 12, has been urged upon all Florida communities by the Inter-American division of the Florida State Chamber of Commerce, of which Dr. A. J. Hanna of Winter Park is chairman.

Columbus Day this year, Dr. Hanna said, marks the 500th birthday of the great admiral, and the 459th anniversary of his discovery of this continent.

Civic groups and schools, Hanna suggested, might spearhead observance programs in all Florida communities.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

Ft. Pierce Eagles—

Continued from page 1
moved from left half to the quarterback position formerly occupied by Tommy Elliott and Hal Rosenberg, who did such good work in the second half of the St. Ann's game when he took Bobby Schroder's place after Schroder was ruled out of the game, will take Wilder's place at left half. In the line Charles McCurdy and Colvin Herring have changed places at guard positions.

Kendrick, who tapered off the training program this week with a light scrimmage Wednesday and Calisthenics Thursday afternoon, believes all his men must play in absolute top form tonight in order to stand a chance of equaling the performance of the Eagles. The Blue Devils have lost all their games with Eagles for the past several years and one of the reasons they are so anxious to win tonight is that there has been a jinx in these Eagle games that has robbed them of victory or a tie by a very slim margin in two or more of the losses.

Although The Blue Devils defeated St. Ann's Crusaders 26 to 12 last Friday night the scrappy Crusaders made the Pahokee lads work for every point they got. The game was anything but the breather anticipated and Kendrick has warned his men if they make the same mistakes in tonight's contest they made last week the Eagles will tear their defenses to shreds.

Against St. Ann's Pahokee made two touchdowns in the first quarter. Wilder skirted left end from the St. Ann's 47 to the four, then passed to Bobby Carlton in the end zone with Bill Hatton plunging for the point. Near the end of the first period the Blue Devils took over on their own 15 and Wilder dropped back to the end zone for a screen pass to Bobby Schroder at the 20 who picked up some good interference and sped all the way for a TD and Hatton again went thru the line for the point. Wilder scored another six points in the third quarter and Blue Devils got their final touchdown in the final stanza.

The Crusaders, who threatened throughout the game, became very much alive in the fourth quarter with their quarterback passing ace, Ed Koenig, setting off some aerial fireworks that quickly set up one touchdown and their Tackle Buddy Dana picking up Wilder's fumble on his Crusaders 45 to run the other. The Blue Devils were unable to muster an effective defense against Koenig who completed 10 passes out of 18 tries.
